Old Business

The Senior BBQ was a huge success thanks to
FT Committee members. They supplied the hot dogs, burgers, and buns to feed 80+ Senior
Citizens from our town.

And they also helped prepare and serve the food. We truly appreciate all you are doing for
your Senior Citizens!

The lunch program is moving forward in a positive manner as stated by Matt.

Jen and Michelle will be getting certified to cook and serve nutritional lunches for the Seniors.
Cisco will be instructing them on Senior nutrition.

This should be started during the summer months and hopefully extend to full time.

Matt and Jen will oversee obtaining the necessary supplies and equipment needed.

The produce vouchers are available for seniors who qualify. Problem is that Jean Thompson
has to call ahead and ask for forms, go pick them up

In Deptford and then pass them out to those

who want to participate. Then she has to return to Deptford to hand in and get vouchers.

Matt is looking into getting the County to allow Municipal Hall or Community Center to pass out
forms and vouchers.

Bill asked the committee to think of ideas for the web site for the Senior sub page.

Some ideas are, Gloucester Co. activities that we are eligible for and where to get various
tickets, forms etc from the county. Also Senior Club news and bus trip information.

Bill adjourned the meeting and Jim gave motion to approve John 2nd the motion.

Next meeting is 07/12/2023
