RE: Submission Deadlines for Development Applications to Allow for Administrative Completeness Review and Presentation Guidelines

---

### Submission Deadlines and Procedures:

1. The Planning Board and Zoning Board of Adjustment have authorized the Community Development Department to administratively determine if development applications are Complete for Review. To facilitate administrative review, Completeness Review Checklists (Minor Subdivision, Major Subdivision, Site Plan & General Development Plan) are provided to guide you in preparing your project proposal. **Please note that for all applications in addition to the checklist items, the applicant is required to review all proposed new lots with the Tax Assessor to determine the appropriate lot and block numbers. The Tax Assessor must sign off on the application form as to this requirement.**
2. In order to provide the maximum opportunity for your application to be scheduled for hearing as soon as possible, the submission deadline is 45 days prior to the next scheduled meeting. Our goal is to provide the applicant with a list of incomplete items far enough in advance so the plans can be corrected, resubmitted and rechecked and deemed complete with enough time for you to provide any public notice that may be required. **You will not be given a tentative meeting date until your application is deemed complete. Once deemed complete you will be scheduled on the next available agenda.**

### Hearing Presentation Guidelines:

1. When you receive notice of completeness you are required to submit 15 copies of the application, subdivision/site plan, and all supporting documents to the Department no later than ten (10) days prior to your scheduled meeting date. Failure to comply with this requirement will result in postponement of your hearing date to the next available meeting. This applies to all applicants.
2. The Planning Board and Zoning Board have established guidelines for presentation of major subdivisions and site plans. **The applicant is required to prepare a minimum of two site plan displays for presentation to the Board, one for Board viewing and one for viewing by the public. In addition copies of any written reports should be made available for review by the public during the hearing.**

# Township of Franklin

2. Using the attached Review for Completeness Checklist appropriate for your project, review the application form and the plans to make sure that all required information is included or you have provided a **written request** explaining why the requirement should be waived.
3. Submit the following to the Community Development Office:
  - 3 copies of the completed application
  - 3 copies of the plan
  - The application & escrow fees applicable to your application.
4. The submission deadlines for the Planning Board and Zoning Board of Adjustment for this year are attached to the cover memo.

All applications received after the submission deadline will be scheduled for the following meeting once they are deemed complete.

5. Upon receipt the Community Development Department will administratively review the application for completeness. You will receive notification advising you of the status of the application (Complete or Incomplete).

Our goal is to get a notice of an incomplete application back to you quickly enough for you to make corrections and resubmit revised plans for our staff to verify that the deficiencies have been addressed with adequate time for any required public notice to be published and mailed to adjacent property owners at least ten (10) days prior to the hearing.

6. If your application is not complete, the notice will include a copy of the Completeness Checklist identifying deficiencies in your submission. Please correct any deficiencies and resubmit the plans for verification.
